

CMPAC Internship Description – Summer 2020

Summary:

Access 21 is the public access channel of Charlotte Mecklenburg. As such, we train residents in television production, offer studio and editing facilities for the residents' use, and allot channel time for the residents to cablecast their programs. The internship will consist of working in each of these components along with some exposure to some administrative and production work (The intern will complete a promotional video over the course of the internship). This internship will NOT be about getting donuts and coffee! As a small organization we are unable to offer any pay or stipend.

The successful candidate will have an interest in production as well as the concepts and philosophies of media communication. An ability to work with diverse people is imperative. Familiarity with public access would be a benefit, but not a requirement. Experience with Final Cut Pro is helpful. A professional approach to the duties and position is required. (Approx. 20 hours per week, **200 hours total**)

Access 21 Mission:

Our mission is to provide facilities and education that welcome and accommodate individuals to create and submit programming that expresses diverse opinions, talents, activities, and interests in the Charlotte metropolitan area through non-commercial open-access television.

Experience Gained:

- Training/teaching
- Facility management
- Studio camera
- Floor Directing
- Studio Lighting
- Audio
- Character Generator (Graphics)
- Studio Directing/Tech. Directing
- Editing (Final Cut Pro X)
- Playback programming
- Customer service
